Description

Organic Rooibos “Ischia Detox”

Lightness with the scent of the sea and the freshness of nature

The freshness of Mediterranean herbs combines with fruity sweetness in a revitalizing infusion designed to naturally detoxify the body and restore a pleasant sense of balance and well-being.

Perfect for:

Gently awakening your metabolism by sipping it on an empty stomach as a first bright ray of light

Rebalancing body and mind during moments of fatigue

Ending the day peacefully, letting the tea accompany digestion and soothe the soul towards rest

Like a white sail carried by the breeze in front of the Aragonese Castle, every sip guides you on a journey of purification and harmony, immersed in the blue breath of Ischia.

What makes our herbal teas special:

Carefully selected high-quality ingredients

Clearly visible seeds, berries, peels, and whole leaves in the pyramid bags — a sign of a natural, non-powdered product

Pyramid tea bags made from 100% recyclable material derived from sugarcane fiber, generously sized to allow ingredients to open fully during infusion, releasing their full aroma, color, and flavor

Colorful packaging: Each tea is packed in a resealable kraft pouch with a zip-lock closure designed to best preserve aroma and freshness. The packaging features a hand-drawn illustration inspired by the colors and atmosphere of the Mediterranean — an artistic touch making each package unique and recognizable

Inside, you’ll find 12 pyramid tea bags that capture all the fragrance and beauty of the natural ingredients.

Preparation: Steep for 7–10 minutes
Temperature: 90°C–100°C (194°F–212°F)
